

The first week
of Hope at
Labriola, with
mentors from
Ferrara, INFN,
and MIT

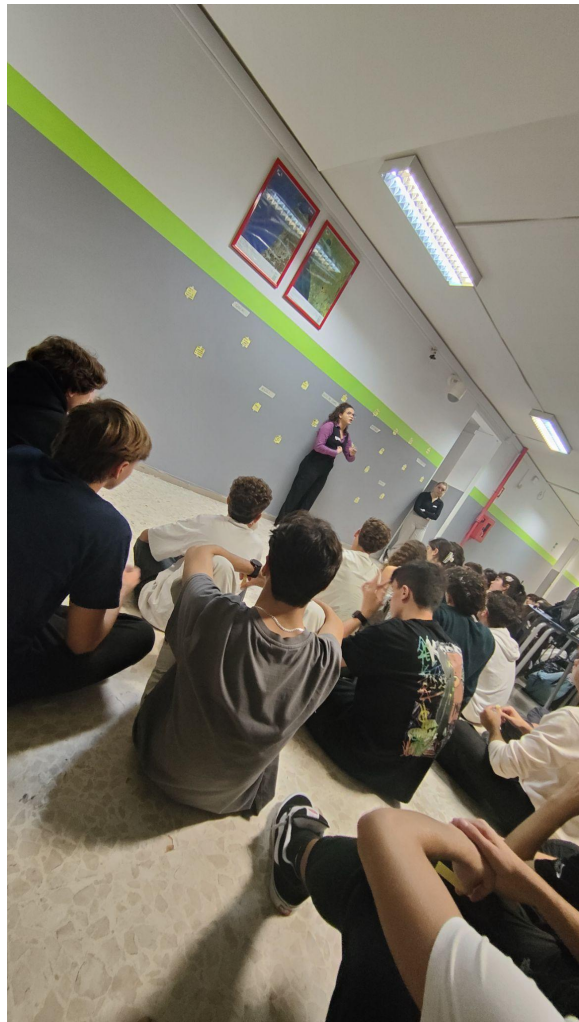

What is
HoPE?

Hands
On
Physics
Experience

The first step, is always about brainstorming together !

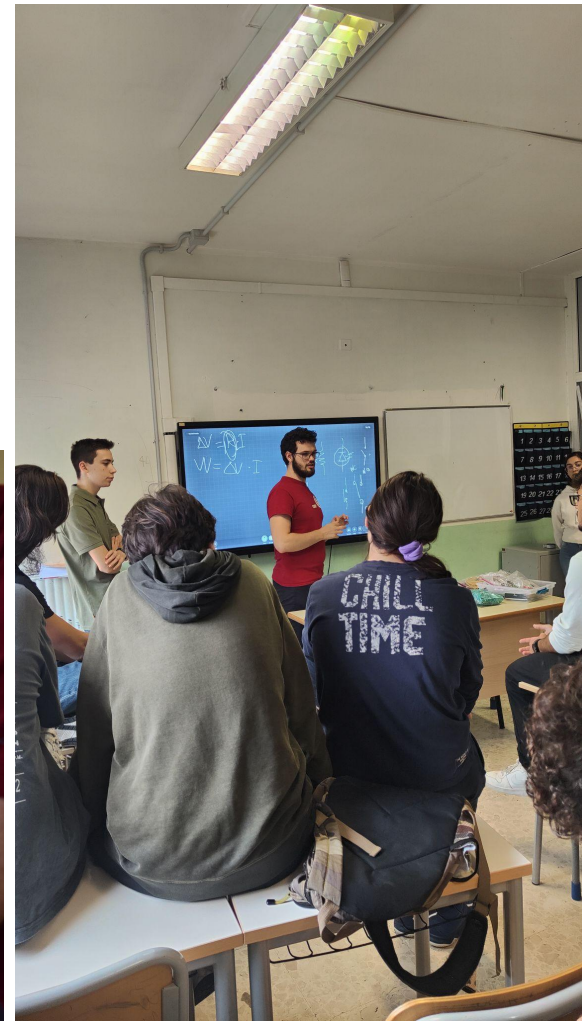

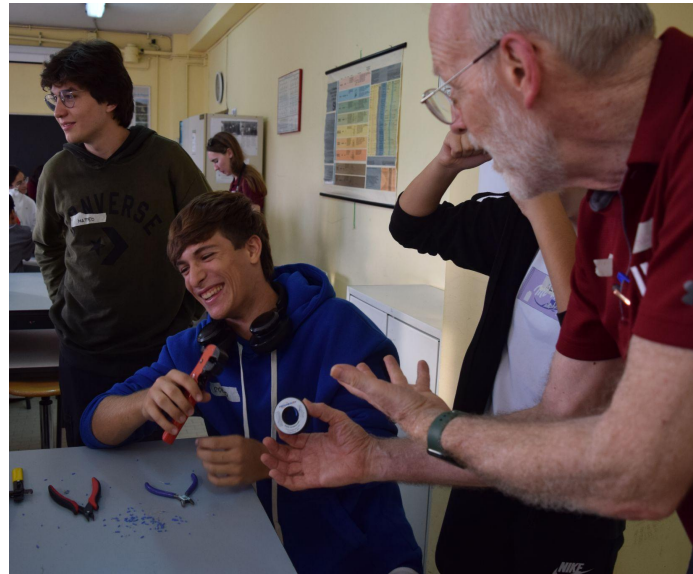

Then, you will
pitch your ideas

Now, think them out

It's all about
learning new
skills, while
having fun

A lot of teamwork!

And,
finally
share
your
project

“This project is for the students, and it’s made entirely by the students” - Ed Moriarty

PUNKCLUSIVE

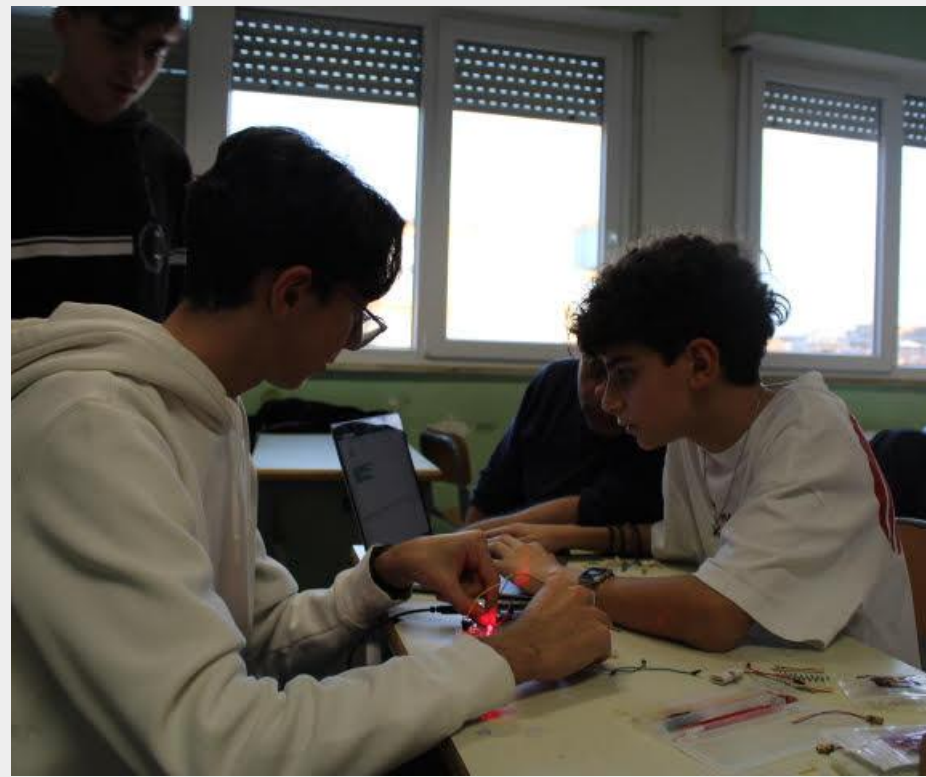

INFINITY DESK
